## **WELCOME MESSAGE FOR EXHIBITORS**

**General of Division Pilot Aviator  
Diplomate of Aerial General Staff  
José Gerardo Vega Rivera.  
Mexican Air Force Commander.**

Receive a cordial greeting from the General Luis Cresencio Sandoval González, Secretary of the National Defense.

I give you the warmest welcome to FAMEX-2023, an event organized by the Secretary of National Defense through the Mexican Air Force.

The Mexican Aerospace Fair (FAMEX) is a business platform in the military, civil and aeronautical field that brings together the leaders of these sectors, in order to promote commercial exchange and the growth of the national and international aerospace industry. The aims of the FAMEX-2023 are to consolidate Mexico's position as an innovative and competitive country in the international aeronautical field, through investments that develops and strengthens the industry, the market for defense, space and services related to aircraft design, develop and operation; and be a place for dialogue and exchange of experiences and knowledge.

In this 5th edition, we hope that your company achieves the goals that were set in FAMEX, reactivating the aeronautical sector from its recession caused by the Pandemic.

With this event, the Secretary of the National Defense reaffirms its commitment to contribute to the development of the country through promoting investment in the Mexican industry, job creation and training of human resource in the aeronautical field, helping to strengthen the Economical Sector of Mexico.

## WELCOME MESSAGE

### **Distinguished Exhibitor:**

Receive a cordial greeting from General Luis Crescencio Sandoval González, Secretary of the National Defense, and General of Division Pilot Aviator Diplomat of Aerial General Staff, José Gerardo Vega Rivera, Mexican Air Force Commander.

For me, as President of FAMEX-2023, it is an honor to welcome you to the 5th Edition of this great event and to thank the companies that trusted and participate again, as well to congratulate the new exhibitors for believing in Mexico, in its strengths and the capacity of its people.

FAMEX is proud to welcome you as a participant in this its fifth edition 2023; This great event is organized by the Secretary of National Defense, through the Mexican Air Force, whose objective is to continue being the largest commercial and business platform, bringing together companies at all levels in the value chain of the Aerospace, Airport, Defense Security, Technology and parallel industries, both in the civil and military fields. The purpose of this Exhibitor's Manual is to be a guide and reference source before, during and after the event; Here you will find important information related to stand mounting standards, security protocols and work procedures, as well as recommended companies that can offer you various services.

¡Welcome to Mexico and we wish you a lot of success in this new edition of FAMEX!

Sincerely.  
General  
Javier Sandoval Dueñas.  
President of the Aerospace Fair  
Mexico 2023.

## **EXHIBITOR CERTIFICATE**

The "Exhibitor Certificate" is a document issued by "FAMEX-2023", in which it is stated that your company keeps this status, this document may be requested by national and international exhibitors, through the Commercial management.

To obtain this certificate, it is essential to have complied with the established procedures that certify you as an exhibitor of "FAMEX-2023", by signing the respective agreements.

The compliance of the customs regulations and the good use of this certificate is the responsibility of the exhibitor, keeping in mind that, in order to facilitate merchandise entry procedures, the exhibitors must know in advance the requirements that need to know according to the corresponding authorities.

## LOCATION OF THE "FAMEX-2023" COMMITTEE OFFICES IN MEXICO CITY

Our offices are located at Avenue Santos Dumont number 209, Suburb Civil Aviation Town Hall Venustiano Carranza, Mexico City, Post Code: 15740; beside of the Terminal 2 of Mexico City International Airport "Benito Juárez".

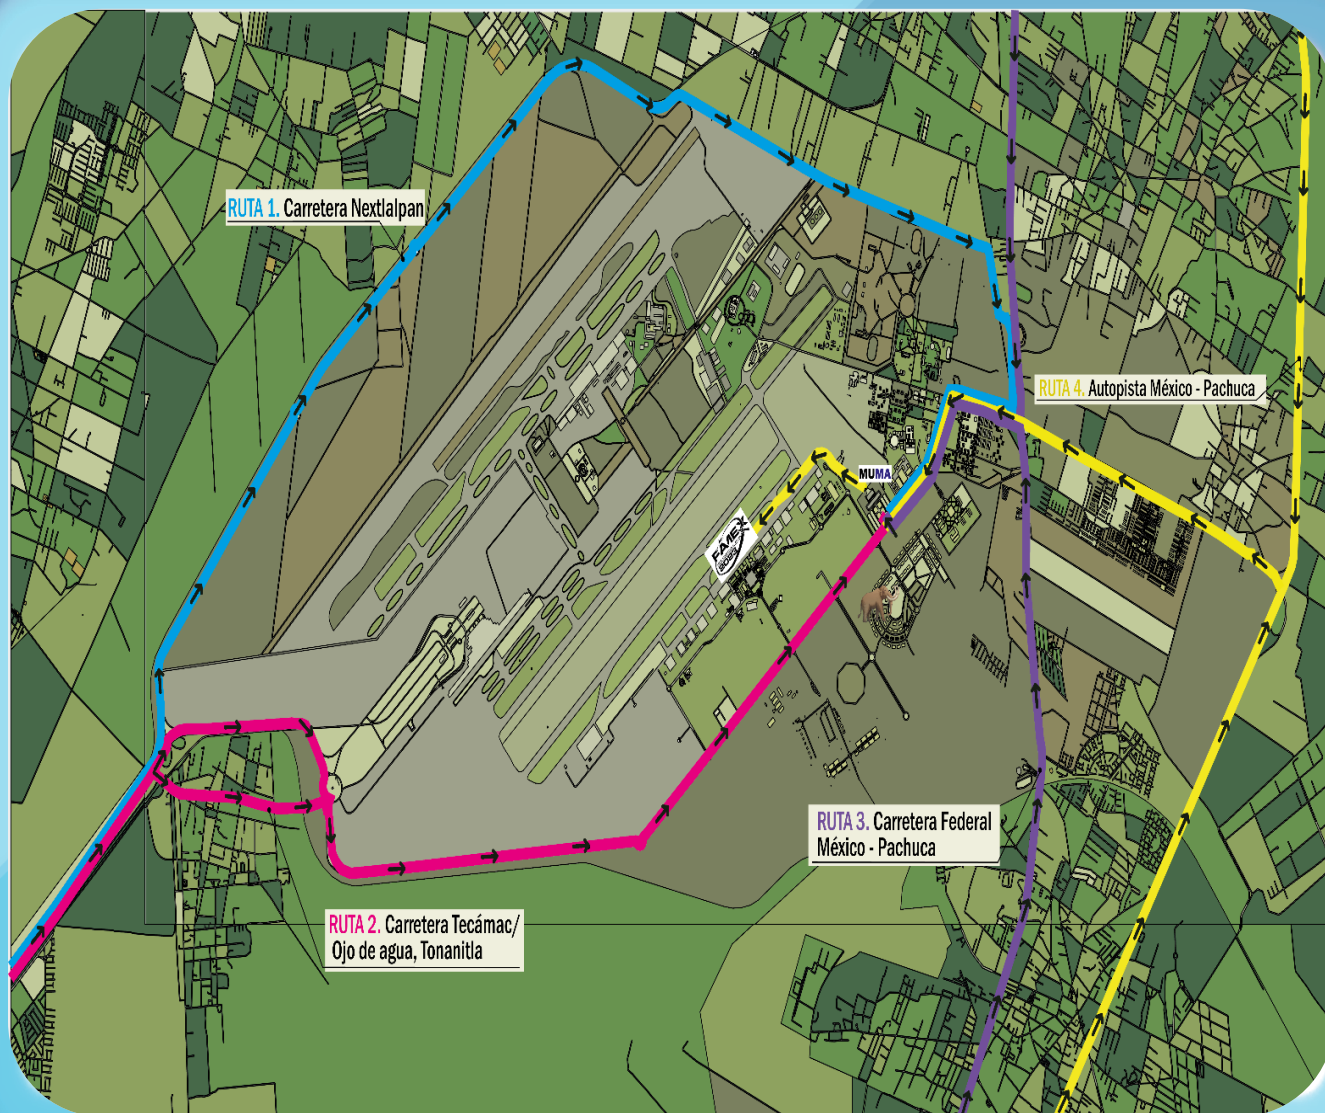

### ORGANIZER COMMITTEE OFFICES

## **"FAMEX-2023" COMMITTEE OFFICES IN SANTA LUCÍA, STATE OF MEXICO.**

From Apr. 1<sup>st</sup> 2023 at the facilities of the Military Air Base Number 1 (Santa Lucia, State of Mexico), with address: Federal Highway Mexico City – Pachuca Km 42.5, Zumpango of Ocampo, State of Mexico, Post Code 55600.

## **GENERAL RULES**

- A. The exhibitor may not sublet, transfer or lend the space assigned totally or partially to another company, nor may it exhibit, distribute or promote brands, products or services other than those specified in the contract or that are outside the theme of the event. For this reason, the exhibitor will not be allowed to have representatives from other companies than those specified in the contract at its stand.
- B. Except for items intended for display, sharp objects, firearms or explosive materials are not allowed to enter the fairgrounds.
- C. It is prohibited to entry with materials or products considered as "Infectious, Biologically Dangerous or Radioactive".
- D. Electrical, electronic, mechanical, pneumatic, and other devices that generate heat, vibrations, vapors or pressure, must be installed with all safety measures, away from flammable material (cloth, paper, wood, plastic, carpet, among others) and must be operated by properly trained personnel, in order to avoid accidents.
- E. The exhibitor is obligated to return the exhibition space that will be used in the same conditions that was received.
- F. In case of causing damage inside, outside or on the perimeter of your area, during the mounting, dismantling or carrying out of the event by own or subcontracted personnel, you must immediately compensate the damage.
- G. It is prohibited to pour materials or liquids (oils, fuels, garbage, food waste, etc.) into the fairground drains.
- H. In order to guarantee the safety of the staff that works during the assembly and disassembly of Chalets, Islands and Stands, the constructors companies and exhibitors, must always have personal protective equipment (gloves, boots, glasses, etc.) and insurance for medical expenses, damages to third parties with wide coverage and social security as the case may be.
- I. The speed limit for motor vehicles that circulate within the fairground is 10 km/h. (6 miles per hour)

- J. The Organizing Committee may require, at any time, that the company responsible for the assembly show a certification of the structure of the stand, validated by a "D.R.O." (Director Responsible for Construction), especially in designs that include a second floor, or due to its dimensions and characteristics, requires evaluation by the specialized technical authority. (for more information about the DRO certificate, consult the recommended companies section).
- K. This Committee will not be responsible at any time for damage or loss of products, equipment and/or materials owned by the exhibitors. Participants are encouraged to take care of their personal items; it is also recommended to count with wide coverage insurance that covers the following:
- a. Theft or destruction of property.
  - b. Death or injury of your staff.
  - c. Death, injury or destruction of staff or property of third parties.
- L. Except for the **Catering** services and with the prior authorization of this Committee, it is prohibited to enter and drink intoxicating beverages in the fairgrounds.
- M. The entry and consumption of intoxicating beverages or psychotropic substances is forbidden.
- N. Access will be denied to anyone who appears to be drunk or under the influence of any psychotropic substance.
- O. Tobacco use will take place outside of Pavilions and Chalets, in open-air areas intended for this purpose.
- P. Each Pavilion has a module where you will find the "Pavilion Chief", who is responsible for the supervision, internal control, maintenance of facilities, meeting needs, providing guidance or clear doubts that exhibitors may have.
- Q. The request for additional services will be received in the Logistics Management, **from February 1<sup>st</sup> to March 15<sup>th</sup> 2023, from Monday to Friday from 09:00 to 15:00 hours**, which should be addressed to the email: [logistica@f-airmexico.com.mx](mailto:logistica@f-airmexico.com.mx) according to Annex 1 "request for additional services"
- R. For the machinery demonstration, equipment or other applications, you must request the consent of the Logistics Management of the FAMEX Committee, so that the rules to be followed are provided. See annex 3 "Machinery demonstration consent form"

## **SPECIAL ASPECTS**

### A. Fences.

If you require metal fencing to establish the perimeter for aircraft exhibition, vehicles or products, you must submit a request to the Logistics Management prior to the 15<sup>th</sup> of March 2023 specifying date, place, amount required in meters and the person who will be responsible for the fences.

### B. Catering.

Exhibitors will be free to offer Catering within their Stands, Islands or Chalets, for this purpose, this Committee recommends contacting the company that offers this service, which you will find in Annex 2" Recommended Companies".

### C. Logistics Services.

In order to facilitate the contracting of other services such as lodging, construction and assembly of stands, furniture rental, customs agencies, equipment and machinery for loading and unloading, among others, this Committee has recommendations of companies that will offer these services at preferential rates, which you will find in "Annex 3" of this manual as well.

### D. FLOOR PLAN

In "Annex 1" of this Manual, you will find the Floor Plan (Exhibition plan), where each of the areas and pavilions that make up the Fairground are shown in order to facilitate the location of your space and those around you.

### PRE-EVENT RULES

- A. During the stage of assembly, a representative of the commercial management of the FAMEX committee or Head of Pavilion, will confer the space hired for exhibition, if the exhibitor detects any anomaly in the area, damage or malfunction, they must notify the person in charge at that moment.
- B. The maximum height allowed for the construction of Stands and Islands within the pavilions (indoor exhibition areas) will be as follows:

Exhibition space	Maximum height
<b>STAND 3 x 3 m</b>	<b>2.5 m</b>
<b>ISLANDS OR CUSTOM STAND</b>	<b>5.0 m</b>

- C. The exhibitors who have hired a space corresponding to a chalet or island should submit to the Logistics Management of this Committee, prior to the 15<sup>th</sup> of March 2023, the render (3D plan) and detailed description of features and construction materials, so that it is reviewed and analyzed for approval.
- D. It is strictly forbidden to apply any type of substances (glues, paints, oils, etc.) directly on the floors, walls, columns, emergency exits, signs or crystals which form part of the fairgrounds, any damage to the facilities or equipment, will be the responsibility of the exhibitor to cover the total amount of expenses incurred for repair or replacement.
- E. The construction of permanent structures that affect or alter the structural designs of the tents to be used as pavilions are strictly forbidden Likewise, the exhibitors that cause any damage will cover the corresponding repair costs.
- F. The movement of materials, machinery and equipment should be done with extreme care and avoiding drag or pull objects that could damage the floors, carpet and stands installed in the Fairground.
- G. Exhibitors may not hang, hold or tie objects from the structure of the pavilions and outdoor areas.
- H. All machinery or heavy equipment that is used during the assembly and the commercial exhibition, must be supported on rubber, plastic, carpet or some other material in order to protect the floors and carpet of the exhibition areas.

- I. The Organizing Committee will not be responsible for work tools that are abandoned in the Fairground.
- J. Damage to furniture or equipment caused by incorrect installation or carelessness, affecting or damaging third parties, will be the responsibility of the exhibitor, as well as the assembly company.
- K. Exhibitors who contemplate displaying aerial and ground vehicles, should consult "Annex 4", where the specific rules to be met are found.
- L. All the personnel inside the Fairgrounds, must wear always visibly their accreditation badge.
- M. Hazardous substances and materials.
  - a. During the assembly of Stands, Islands and Chalets, the use of hazardous substances and materials (solvents, explosives, corrosives, aerosols or any other flammable item) is prohibited without the authorization and supervision of the Logistics Management staff.
  - b. The companies building the stands must have a fire extinguisher as a safety measure during assembly.
- N. The display of aircraft and equipment that requires operation on land or in flight, must be requested to the Operations Management of this Committee, to the number: **+52 (55) 71 60 31 63** or email: [operations@f-airmexico.com.mx](mailto:operations@f-airmexico.com.mx)

### **RULES DURING THE EVENT**

During the days of the event, exhibitors who are temporarily absent from their exhibition area and at the end of each day, should cover their space with canvas, nylon, fasteners or tape, in order to cancel access to your area during non-business hours. The use of padlocks, safety boxes, showcases and locked drawers are recommended as measures to protect valuables and prevent any transgressions.

- A. It is prohibited to obstruct the corridors and the areas destined for the entrance and evacuation of the assistants, with decorative objects, tools, furniture, or any other article, this Committee reserves the right to remove the structures and artifacts that exceed the limits of the contracted exhibition area
- B. The exhibition of products and equipment that during its operation cause death, injury or damage to the people or property, the exhibitor will be responsible for these damages as well as for the compensation of the damage, in accordance with the applicable Mexican law and administrative procedures established by the State and the Ministry of National Defense.
- C. Exhibitors will prepare a written and descriptive inventory of the objects within their exhibition space, of which they will deliver a copy to the Head of the Pavilion, to check the existence of the inventoried articles.
- D. The security of the pavilions from 17:00 pm to 09:00 am, will be the responsibility of the Military Police.
- E. If, before 17:00 on Apr 29<sup>th</sup> 2023, an exhibitor requires the removal of exposed material or equipment, the Pavilion Chief, after checking the corresponding inventory, will authorize the exit of the Pavilion.
- F. For the use of appliances inside of Stands, Islands and Chalets, exhibitors shall extreme the security measures to prevent accidents or incidents within the fairgrounds.
- G. If the exhibitor needs to leave material or equipment inside the stand, it will need to be informed to the Head of the Pavilion.

### **RULES FOR DISASSEMBLY.**

- A. The dismantling will start on April 30<sup>th</sup> 2023, from 08:00 am to 17:00 pm.
- B. A representative of the exhibiting company must be present, in order to supervise the dismantling of the material that was used and to assume responsibility to this committee in case of causing any damage to the facilities or to other participating companies.
- C. The exhibiting company will be responsible for collecting and depositing in the assigned area the garbage generated during the event, it must also deliver the space used for the exhibition in perfect condition.

### **PARKING RULES**

- A. Each vehicle will use one parking spot, without obstructing continuous places, lanes, exits or spaces enabled for people with disabilities.
- B. Under no circumstances vehicles will be allowed to stay overnight after hours of the event in the parking lots, those that are abandoned will be removed by the corresponding authority.
- C. It is prohibited to carry out mechanical repairs to the vehicles inside the parking lot or any other area in the vicinity of the federal precinct.
- D. You must always carry the parking access card in a visible place, as well as identify yourself with the corresponding accreditation.
- E. The speed limit established within the parking area of the fairground is 10km/hr.
- F. It is strictly forbidden to use sound equipment at high levels and staying inside the vehicle once it is parked.
- G. By using the parking lot, its users disclaim the Organizing Committee from any type of responsibility derived from mechanical failures, automobile accidents, total or partial loss of the vehicle, theft of property left inside, damage attributable to the user, to third parties or in case of force majeure.
- H. It is recommended to lock all vehicles, leaving no possessions of value inside or within view and with an activated alarm.
- I. All vehicles entering the fairground must have a valid insurance policy.
- J. This Committee is not responsible for theft, damage or incidents caused to vehicles within the fairgrounds and parking lots, in the event of any loss, the owners should contact their respective insurers.

Dirección	Hidráulica telescópica de tomillo sin fin	
Tipo		
Suspensión	Delantero y posterior de muelles semielípticos con amortiguador	
Bastidor	Tipo escalera perfil en "C"	
Llantas	8.5 R17.5	
Tanque de combustible	Capacidad de 100 L	
Batería	24V-90AH	
Alternador	24V-90A	
Motor de arranque	24V-5.0kW	

# ANNEX "4"

## Exhibition of aircraft and land vehicles.

**"Annex 5" Exhibition of aircraft and land vehicles.**

**Aircraft**

- b. The exhibition of aircraft may be carried out inside the pavilions or on the Static Display Platform.
- c. Following specific instructions is required to maintain the good presentation of the exhibition areas and the safety of those attending the event.
- d. The arrival and departure of static display aircraft shall be in accordance with the provisions of the FAMEX 2023 Pilot's Guide .
- e. Drilling on the service platform is prohibited to avoid damage or affecting surface resistance.
- f. Request and report to the Operations Management of the start-up of electrical energy generating equipment, for which a fire extinguisher must always be available.
- g. The start-up of aircraft engines on the exhibition platform is prohibited without the authorization of the Operations Department.
- h. For the fuel supply needed for aircraft, coordination with the officers of the Operations Management of the FAMEX Committee must be established

**B. LAND VEHICLES**

- a. The exhibition of vehicles inside the pavilions requires the follow-up of specific instructions, to maintain the good presentation of the exhibition areas and the safety of those attending the event.
- b. The entry of vehicles will be adjusted to the dates designated for the entry of bulky objects indicated in the "assembly and disassembly calendar ".
- c. In order to avoid damage to the carpet during the entry and positioning of the vehicles inside the pavilions, the exhibitor will place a rubber or plastic cover on the tires. This cover can be removed when the vehicle arrives at its final display position.

- a. For the safety of the vehicle, inside the Pavilion you must have only the minimum essential fuel.
- b. Accumulator (battery) disconnected.
- c. Inside the halls, vehicles are limited only to a static display, the engines must not be running at any moment.
- d. Fueling maneuvers will only be authorized on the dates and times of dismantling, outside of the pavilions and with supervision of the Logistics Management of this Committee.
